

Laboratory and Quality.

Ing. Daniel Sánchez
Laboratory Supervisor

At Paimex, quality is not just a requirement; it's an integral part of our work culture, involving every department, employee, and process. Consequently, the Laboratory Department serves as the driving force behind solutions that guarantee compliance with the highest quality standards, the operational missions demanded by the industry, and, above all, the satisfaction of our clients.

Actions that sustain us.

Certified in chemical processing by NADCAP, our good laboratory practices and compliance with the highest quality standards in the aerospace sector support the reliability and integrity of each of our processes.

Initiatives that Drive Us.

Focused on continuous improvement and driven by the pursuit of operational efficiency, through innovation at every stage of our processes and the design of solutions that contribute to exceeding the quality expectations of our products.
